"CRYSTAL WEDDING BELLS."

Fifteenth Anniversary of the Wedding Dr. and Mrs. Grissom,

ELEGANT AND TASTEFUL AFFAIR

About Two Hundred Guests Attended and the Presents Were Beautiful and Costly—The Decorations.

One of the events of the celebration of the crystal wedding of Dr. and Mrs. W. L. Grissom, at their spacious home, on West market street last night.

Four hundred invitations had been issued, 275 to Greensboro people. At least 200 guests were present during the hours. A number were in attendance from a distance, as Dr. and Mrs. Grissom are well known throughout the state.

Those who received with the bride and groom were Mr. and Mrs. J. A. Odell, Prof. and Mrs. Dred Peacock, and Mrs. Swindell, of Raleigh; Mrs. Allen, Mrs. Captain Walsh and Miss Cozart received in the hall.

Refreshments were in charge of Mesdames Small, Trogdon, Propst, Crawford and Weaver and the refreshment room was in charge of Mr. Frank Boyles and Miss Bessie Alford. The refreshments were elegant and the service above criticism.

The house was beautifully decorated throughout. The reception room was decorated with palms and ferns, the music room with chrysanthemums and roses, the parlor with cut flowers while the dining room was a perfect bower of magnificent white and yellow chrysanthemums arranged in tasteful designs.

The presents in cut glass made a magnificent array that it would be impossible to describe. One room was given up to them and it was full of tables and the tables were full of presents. The serviceable and the ornamental were there in profusion.

The Brockman orchestra supplied the final requisite for the function, the best of music.

Throughout it was one of those affairs where nothing has been omitted that could add to the enjoyment of guests, and truly "all went merrily as a marriage bell."

CRYSTAL WEDDING BELLS.

Written for Dr. and Mrs. Grissom on Their 15th Wedding Anniversary.

READ BY MISS ALTA COZART.

Clear crystal bells, with merry chime,
Are ringing soft as Runic rhyme
A glad and joyous wedding time.

Now autumn glories crown the wood
And beauty mid the solitude
Is regnant, in delightful mood;

The whispering wind among the trees,
The flowery fragrance on the breeze
Are charming in such days as these;

The sparkle of the midnight blue,
Where stars are marshalling in view;
Flings back the light of diamond dew;

While Dian, in her silver boat
Through circumambient airs afloat,
Seems bending down to catch the note

Of the singing bells, sweet wedding bells—
Oh! what a story from them wells,
Those heavenly-sounding crystal bells-

A tale of glad and sunny years
Of radiant joys and saddening tears,
Of lights and shadows, hopes and fears.

A decade and a half gone by—
And still a fair and beaming sky
Bends cloudless o'er, no sorrow nigh.

May all the coming days and hours
Be bright, with gay and festal flowers,
Eternal blooms, 'mid amaranth bowers.

And when the silver wedding bells
Their tale of life and duty tells
Foith still shall say, sweet, wedding bells.

In twilight years, with bells of gold,
The same dear story shall be told—
The song of love, that ne'er grows old.

With best wishes and congratulations,

EL. D. H.

THE SMASHER AT WORK.

A Store and Two Passenger Coaches Robbed Last Night.

When the clerk at S. G. Hodgin & Co.'s, on South Elm, reached the store this morning to open up for business he found one of the large plate glass in the front smashed. Inside the large show window there was found a brick and broken fragments of glass.

Investigation revealed the fact that a heavy pair of Scotch bottom shoes had been taken from the window, also one shoe belonging to a pair of tans. There were fresh tracks at the corner of the buiilding, in the soft dirt, made after last night's rain, just in the edge of a pile brick bats. The rascal was evidently standing near the corner so that he could jump behind the building when he threw the brick. The police were notified and are now working on the case.

Two passenger coaches on the Southern, standing near the coal chute, were also entered last night, and the ax and saw taken from each. These tools were secured by smashing the glass front of the cases in whtch they were kept.

An extra large number of tramps were reported in the coal chute vicinity last night, and it may be that a member of the "profesh" got that pair of shoes, and took the odd shoe along for a wooden legged fried. We say this may be so; but it is hardly a fair proposition to say that there is even a possibility of connecting a tramp with the theft of an axe or a saw.

Election Returns.

THE TELEGRAM has arranged to get the New York Election Returns and they will be read out at the Benbow tonight.

TAMMANY IS FRIGHTENED.

All The Talk About Big Majorities Pure Bluff.

A member of the Executive Committee of Tammany Hall has written a letter to a gentleman of this city in which he says that Tammany men are by no means certain of today's result. There is a great deal of talk about majorities of sixty and seventy thousand but that is for effect only. He says Tammany leaders do not expect to win by more than six or seven thousand and will be pleased to pull through by that margin. He adds that from all indications the only thing that can save Van Wyck from defeat will be Tracy votes. Tammany men hope that when it becomes manifest that Tracy can not be elected a number of his supporters who are tired of the reform administration will vote for Van Wyck on the quiet in order to insure the defeat of Seth Low. This shows that the odds in favor of the Tammany man cannot be taken as indicating the relative strength of the candidates. It is as yet evidently any body's fight and only tonight's returns can show who is the victor.

POLITICAL TRAGEDY IN KENTUCKY

Frank Egbert Riddled With Bullets. Others Fatally Wounded.

By Wire to THE TELEGRAM.

Frankfort, Ky., Nov. 2.—A riot in which Frank Egbert, of the Frankfort fire department, was riddled with bullets, and Deputy Sheriff "Tes" Deakins, John Smith and Walter Gaines were fatally wounded, occurred early this morning as a result of an attempt on the life of "Ren" Marshall.

These political workers about midnight saw Marshall and others heading a fight, started to the country with a load of negroes. Egbert loaded with liquor, started in pursuit as Marshall and Smith were returning from the country. Egbert fired, wounding Smith. Marshall's friends and the friends of Smith armed themselves and started to hunt Egbert. Egbert and Gaines came down the street brandishing revolvers and firing recklessly, meeting the opposing force and some deputy marshals with the above results.

FRACTURED A CYLINDER.

Wilhelm Der Grosse is Overtaxed.

By Cable to THE TELEGRAM.

The Kaiser Wilhelm Der Grosse which sailed from New York on October the twenty-sixth, arrived here this morning. It was delayed by a fracture of the upper exhaust high pressure cylinder. She was docked for repairs and will then proceed to Bremen.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be $194,822.00, and to the policy-holders in Greensboro alone, $26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution tike this?

ARE AMERICANS CIVILIZED?

William Jay Youmans, editor of Appleton's Popular Science Monthly, raises the question, "Are the American People Civilized?" Mr. Youmans is inclined to take a negative view of their qualifications for that distinction.

In view of the fact that the meaning and content of the term "Civilization" has not been very definitely settled there is naturally room for some difference of opinion. A varying standard will yield various results.

Viewed in a lump, however, how is it possible to doubt the civilization of a people who daily give such fine exhibitions of it? Has not Kansas given Mrs. Lease to the whole country and Mr. Peffer to the senate of the United States? And Kansas, you will please to remember, has some time been inelegantly dubbed "wild and wooly." Surely then if a community popularly accredited with standing well down toward the foot of the column can show up so magnificently there should be no question about the rest of the country.

Then we have Marcus A. Hanna, the most powerful man in American politics today, whatever the result of the Ohio election may be. Is it not another evidence of an elevated state of civilization that he should stand pedestalled as an exemplar worthy of close copying by the ambitious youth of the country? Mr. Hanna, who has evidenced his abililty and statesmanship by collecting several million dollars more than was needed to elect a president; Mr. Hanna, who can make a speech of which any school boy sixteen years old might justly be proud and who put a negro to shame who tried conclusions with him in the slinging of street English.

There is Boston, too, aesthetic, ultra, Browning-loving Boston, the very acme and cream and pure efflorescence of civilization. It is only just now that an organization of her fair, frail women have made the whole country dilate with pride in her by a concerted attack, infinitely delicate, upon marriagable bachelors that has already resulted, we are assured, in an ex-mayor's launching fearlessly on the sea of connubial bliss. A whole fleet is expected to follow suit shortly.

It is difficult to see how Mr. Youmans could have overlooked the signs right in his own bailiwick, New York, under his very nose; evidences that must ooze in at every chink and crevice of his office daily. Has not one representative of each of the warring factions given an example of proficiency in the use of profanity that made all the jack tars in port turn pea-green with envy? Did anybody ever hear a Fiji or a bushman swear on the stump in a mayoralty contest, however high his enthusiasm might mount, or however provoking the opposition might grow? We trow not. He is only a poor barbarian.

Has not Mr. Youmans read the public prints? Is he not aware that during the long, hot, dry summer just passed, with infinite exertion, we lynched some three or four hundred men to show how dear to our hearts are the ways of civilization? Some of them were guilty and some were innocent, but the beautiful impartiality shown is a strong proof of extra attainments. It is only highly enlightened peoples that raise so much fearlessly righteous indignation at short notice that all law and order is swept away on the crest of the popular wave.

And then, ah then, coming nearer home, has not dear, dozy, conservative, law-abiding old North Carolina put up Mr. Butler and Mr. Russell, and Keeper Burns and Dr. Kirby Smith and a whole host of legislators and things to show that she must be reckoned with when the talk is of civilization? You just bet she has.

Dear, dear, Mr. Youmans, we charge thee fling away pessimism and come off. When it comes to being civilized we are a lonesome pebble down by the sounding sea.

Very unfortunate was the killing of Von Gammon in the Virginia-Georgia football game. It will, of course, draw a flood of criticism from the press, some of which will be sensible and pertinent and some of which will be senseless and impertinent. There is a certain element of danger in the game, under any circumstances, just as there is an element of danger in all forms of physical exercise. There are other amusements, however, equally dangerous, and without the redeeming features of football, against which no voice is raised and no line is written. There is no need to go into righteous hysterics over the matter. A young lady who was walking along the streets of a certain city stumbled and in falling was impaled on the streel rod of her umbrella. Let all people henceforth take the rain. More people lost their lives at Garrisons than football has killed in all its history. Let nobody ride on a train except on business. The country need not be treated to a pyrotechnic display of very cheap indignation.

It is to be hoped that no one will suggest that the newly appointed Virginia postmaster, who has just been shot while stealing wheat, was a fair specimen of recent appointees. There is the best of evidence that many of them would not be caught stealing wheat.

Ex-Governor Oates, of Alabama, is kicking because the quarantine ran him out of the state and Governor Johnson is kicking because it did not run him out.

HARRIS' LITHIA WATER
OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris Lithia Water was made by the noted R. Ogden Dosemus, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris Lithia Water is not Superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris Lithia Water Co., Harris Springs, S. C.:

Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:

Dear Sir—I have used the Harris Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris Lithia Water.

Respectfully.

Savannah, Ga. R. B. HARRIS, M. D.

"The Harris Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO. LAMB, M. D.

Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours,

JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897.

Have used for sometime Harris Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.

Mr. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs:

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

Columbia, S. C. GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alternative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kindneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required. Respectfully,

Waterboro, S. C., April 19, 1892. J. Q. WILBUR, M. D.

Camden, S. C., Aug 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris Springs Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully, A. W. BURNET. M. D.

Chester S. C.

Dear Sir: For the past eight months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:

Dear Sir: I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:

Dear Sir: I have been using Harris Lithia Water for sometime, and I will say to you that in my opinion that the Harris Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga, April 20. 1897.

Harris Lithia Water Co.,

Gentlemen:—I have used Harris Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minutes' time or money refunded, or if taken after each meal will cure the worst case of indigestion. You see what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at C. E. Holton's drug store.

Are You Subject to Attacks of

COLIC?

If So, There is No Need to Suffer.

Mrs. Joe Person's Remedy

WILL CURE YOU

For several years I had been subject to severe attacks of cramp colic. Sometimes they would last me an hour and hardly a week passed that I did not have several attacks. I tried everything that was suggested, but found no relief. During these attacks the muscles of the arm and leg were terribly drawn and the whole body was cramped. I was advised to try Mrs. Joe Person's Remedy, which gave me relief at once, but not until I had taken two dozen bottles was I entirely cured. It was eight years ago since I took the remedy, and I have not had a touch of the trouble since.

It strikes us that steps should be taken to build more houses for rent in Greensboro. We met a man this morning looking for a six or seven room house, and he was about ready to give up the hunt. He had looked and enquired all around, but everything is full. THE TELEGRAM hopes soon to see this state of affairs remedied by the construction of new houses.

UNCLE FRANK'S PICTURE.

Presented to The Athenian Literary Society at Oak Ridge.

Oak Ridge, N. C. Nov. 1.—D. L. Clark Esq, the High Point artist came over Friday and brought the very fine oil portrait which he had been commissioned by Hon. D. F. Caldwell to paint for the Athenian Literary Society, of Oak Ridge Institute. The portrait is pronounced by all who have seen it to be a splendid likeness. Friday night at the meeting of the Society Prof. J. A. Holt formally presented it, dwelling at length on the great services Uncle Frank has rendered to the county, section and state, by his wise foresight in domitable will and sterling integrity. He said that the people had nick-named him Honest Frank Caldwell and that he scarcely ever talked with him without being reminded of Thomas Carlyle.

The society also resolved to undertake to mark the spot where the bugler boy fell during the Revolution and to erect a suitable monument to his memory at the Guilford Battle Ground in the near future.

Messrs. Boynes & Lowrey have comcompleted their new roller mill which has been pronounced the finest in the county. It occupies the site of the old Saunders mill which was standing in time of the Revolutionary war and was at that time owned by a Mr. Dillon. X. Y. Z.

A MISUNDERSTANDING.

Prevented the Production of the "Hidden Hand."

It is only just to Mr. Blackburn, manager of the Academy of Music, and Mr. Lane, manager of the Van Tassell company, to say that neither was responsible for the fiasco of last night. There was a misunderstanding in the company and one member of it refused absolutely to appear in the performance. This, of course, rendered it impossible to put on the play. It was at first proposed to refund the money, but a good number of complimentary tickets were out, which made it difficut to do so. The privilege was given those who wished to avail themselves of it and then some specialties were put on. Naturally they were not an unqualified success.

Tonight "The Hidden Hand" will be produced as billed for last night. Those who paid admission last night will be admitted free of charge tonight.

The managers only ask an opportunity to redeem themselves. It is fair that it should be accorded them.

IT'S FUTURE IS BRIGHT.

What an Ex-Judge Has to Say About Greensboro.

A correspondent of THE TELEGRAM had a conversation a few days ago with a learned Ex-Judge of the Supreme court of this state and he had this to say about Greensboro: "If I were a young man I would go to Greensboro if I intended to live in North Carolina. The future of that town is bright. It is now growing with strength and rapidity. The younger element in the town has been aroused to the interests of the prosperity of the place. They are eager and anxious to work in behalf of her industries.

"The location of the town is most favorable in many respects. First, it is near the centre of the state and above all other advantages it is in the centre of the most populous section of North Carolina. The back country extending from 60 to 100 miles away is inhabited by a great number of families who will work in cotton mills, sew in factories and the like. The supply of such laborers is unlimited. This one fact is bound to make the town a worthy one when the labor is utilized to the best advantage.

"The residences of the town now have a retired but fresh look and some of them are beautiful and up-to-date.

"The engine of the Proximity mill is worth going many miles to see. Never before have I seen anything like it. That mill is a sign of great progress.

"Yes you will hear from Greensboro in the industrial world. She is going to the front."

These kind words were said by an intelligent gentleman from a distance after looking over the town for an hour or more.

He said of the club: "It is one of the most interesting clubs of its kind even seen by me. It combines the social and industrial feature and the members work as a unit for the social and industrial welfare of the town. The rooms are handsome and every appointment neat. I was treated with consideration and courtesy as all strangers are."
